Subject: Resolved Safety Issue at High School Building

I want to make you aware of a threat made to the high school building that has been resolved through a joint investigation with the Waukesha County Sheriff's Department.

The threat was written on a bathroom wall and implied that students and staff would be harmed on a specific future date.

The Waukesha County Sheriff's Department identified the individual who made the threat and that individual is currently in custody. In addition to potential criminal charges, the student has been suspended and will go through established school district disciplinary procedures.

While the investigation concluded there is not a threat, as a precautionary measure we are conducting safety sweeps of the school. This will result in the cancellation of activities inside of the high school building this evening.

The safety and security of our students and staff is our highest priority and all threats against schools are criminal offenses. This event offers an opportunity to talk with your children about their well-being and the implications of making threats to harm others.

We wish to thank the Waukesha County Sheriff's Department for their support with the investigation.
